

To the Honorable Mr./

After greeting,

My friend, life is a journey that every person walks alone, as if he is walking in a desert on a dark night, but only the moon and stars illuminate this darkness, and these are friends and family.

you were one of the biggest and brightest stars that turned my lonely night into a bright day and made me forgot my loneliness.

You have always been a good help, brother and friend to me, thank you for

.....

Sincerely,
